Dear EMS Applicant,

Thank you for your interest in Pontotoc Technology Center’s EMS programs. This packet contains all the information and forms that you need to complete the application process. The requested information is critical for a student’s successful completion of our programs, because much of the information is required by the various organizations that we work with during your educational process. It is essential that you complete all of the forms and return the packet along with the required documentation before the application deadline. Only applicants with completed application packets will be enrolled into the program.

The forms and documents required for the application process can be confusing and the task of gathering the various documents can be time consuming. Applicants that wait till the last minute to complete the packet often are not accepted into the program. Allow yourself at least 3 weeks to complete the application. Our staff and instructors are dedicated to helping you reach your career goals and the information that you provide us will ultimately determine your overall success in the program.

Several places can assist you with the required immunizations, including your personal physician and the local health department.

If you have any questions, please contact me at (580)310-2236 or email me apogue@pontotoctech.edu

Course work includes anatomy, physiology, assessment and trauma care. Successful completion prepares for the State Licensure and National Registry examinations.

Applicants must complete an application packet and return it to the Health Program Coordinator prior to the end of the application deadline. See the Application Check Off Form for a list of what is needed to enroll in this course.

Immunizations:
All EMS students are required to show proof of current immunizations (list and forms attached.). Applicants are reminded to follow the required list closely. OSBI CRU/0809
EMS PROGRAMS CRIMINAL RECORDS CHECK POLICY

Health care providers are entrusted with the health, safety, and welfare of patients; have access to controlled substances and confidential information; and operate in settings that require the exercise of good judgment and ethical behavior. Clinical facilities are increasingly required by accreditation agencies, such as Joint Commission for Accreditation of Healthcare Organizations (JACHO), to conduct background checks on individuals who provide services within the facility and especially those who supervise records check for all prospective employees for positions where the individual will be caring for older adults or children.

Clinical learning experiences are an essential element of the curriculum of health care programs. All students enrolled in Pontotoc Technology Center’s health care programs must successfully complete a criminal records check as a criterion for participating in clinical courses. Participation in clinical courses is required for progression and completion of health care programs.

The check must be completed by the Oklahoma State Bureau Investigation (OSBI). The criminal records check must be completed within the six months immediately prior to the student’s entry into clinical courses. The student shall be responsible for all costs associated with the criminal records check.

The information provided in the criminal records report will only be used to evaluate the student’s qualifications for entry into clinical courses. Reports will be kept in secured confidential files separate from the student’s academic file with access limited to approved members of the Adult Training and Development Division.

Criminal record reports will undergo administrative review. If a student has been convicted of or pled guilty to a disqualifying offense (or any substantially equivalent offenses in any state), the student may be unable to complete clinical learning experiences and may therefore be disqualified from admission, readmission, or progression in the health care program. Some of the disqualifying offenses are absolute bars while others might bar the student from admission, readmission or progression in the program. The absolute and potentially disqualifying offenses are listed in the table attached to this packet.

In the event that the student’s background check includes a disqualifying offense, the student will be asked to schedule a meeting with the Program Coordinator to discuss the information received. If the background check identifies offenses that the student considers incorrect, the concerns or issues must be addressed, by the student, to the Oklahoma State Bureau Investigation for resolution. If the background check identifies offenses that may preclude, admission, the student will be given an opportunity to respond to the information. Relevant considerations may include but are not limited to: the date, nature and number of convictions; the relationship the conviction bears to the duties and responsibilities of the health care provider; and successful efforts toward rehabilitation. The decision to allow or disallow participation in a clinical course for a student whose background check includes a disqualifying offense is solely at the discretion of the Program Coordinator and the Director of Business and Industry.

All students who are admitted to a health care program have a continual obligation to report any criminal conviction that may impact the student’s continued ability to participate in the clinical program to the Program Coordinator or the Director of Business and Industry within 30 days of its occurrence. Failure to do so will result in immediate dismissal from the program.
